

FORM 5.0 PLANING SESSION

Planning in organizations is both the organizational process of thinking about the activities required to create a desired goal or accomplished purposes. It is a blue print of organizational growth and a road map of development. It helps in deciding objectives both in quantitative and qualitative terms. It is setting of goals on the basis of objectives and keeping in the resources. Planning also includes discussion of the important issues to be addressed, the objectives to be met, and the strategy to be followed.
